

Product features:

1. Locating the fault of fiber breakage, winding and so on
2. End-to-end fiber recognition
3. The optimization of the machine connection point
4. Continuous or pulse working modes interchangeable

Wavelength (nm)	650±10nm
Fiber Type	SM/MM
Connector	2.5mm Universal
Emmiting Energy	5mW/10mW/20mW
Working temp	-20 ~ +60 ℃ (no dew)
Storage Temp	-40 ~ +85 ℃
Power Supply	1.5V AAA battery
FC interface	1pc (Bundled)
User Manual	1pc
Case	1pc
Color box	1pc
